PERMIT PARKING PROGRAM

A request to implement a permit parking program on _____ (street name) has been submitted to the City. If approved this will add parking restrictions to the listed street. Permit parking regulations manage the use of on-street parking to assist residents with valid permits and their guests in finding parking near their homes. Only vehicles with permits exempting them from the parking restriction will be able to park during the restricted hours (_____). All other vehicles will be subject to citation. ***However, permit parking permits do not exempt permit holders from other parking regulations such as overnight parking, curb markings, alleys, parking meters, street sweeping, oversize vehicle regulations, or anywhere else where parking is prohibited***.

Residents/businesses will be able to obtain permits in accordance with the City Policy which can be found on the city website: www.sandimasca.gov. **The issuance fee is $30 every other year.**

The petition request will only be considered after receipt of a petition signed by 67% of the property owners in favor of the program. Please note if no signature is provided by a property, this will be construed as not being in favor of implementing permit parking.

The request does not guarantee the permit parking program will be initiated.

Signature on the form below indicates the property owner supports installation of a parking permit program in front of their property.

Neighborhood Representative (sponsor): _____ _____

Name (Please Print) Telephone Number

(REGISTERED PROPERTY OWNERS IN FAVOR OF IMPLEMENTING PERMIT PARKING IN FRONT OF THEIR PROPERTY)

DATE	NAME OF OWNER	ADDRESS	SIGNATURE (PROPERTY OWNER)	PHONE NUMBER OR E-MAIL
