

Street Maintenance Worker II

Department/Division:	Public Works/Public Works Maintenance
Reports To:	Public Works Maintenance Supervisor
Provides Direction To:	N/A

GENERAL PURPOSE

Under general supervision, cleans, maintains and repairs City streets, sewer lines, drains, catch basins, storm drains, traffic signs and related public works facilities throughout the City; and performs related duties as required.

DISTINGUISHING CHARACTERISTICS

The Street Maintenance Worker II is a journey-level maintenance classification in the Public Works Maintenance Division of the Public Works Department. The position is distinguished from Street Maintenance Worker I by having a broader range and significant work skills based upon experience and additional training. The individual job duties and work assignments of a Street Maintenance Worker I and Street Maintenance Worker II will not necessarily be different and a Street Maintenance Worker II classification does not have any supervisory relationship over a Street Maintenance Worker I. This class receives assignments from, and reports to, the Public Works Maintenance Supervisor.

ESSENTIAL DUTIES AND RESPONSIBILITIES

The duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to this position.

1. Cleans and repairs streets, sewer lines, storm drains, parking lots, curbs, gutters, sidewalks, alleys and traffic signs throughout the City.
2. Assists with the raising and lowering of manhole covers.
3. Shovels and spreads asphalt in patching, repairing and reconstructing streets.
4. Installs, repairs, and replaces culverts and storm drains.

5. Uses concrete cutting and breaking equipment; operates a jackhammer; constructs concrete forms, pours concrete and assists with finish concrete and masonry work.
6. Performs rough carpentry work.
7. Assists in the maintenance of traffic control systems including painting and striping City streets and curbs as well as installing City signposts and signs.
8. Assists in building and repainting walls and other structures.
9. Assists with repairing City-maintained street light systems.
10. Responds to emergency situations in the City as required.

QUALIFICATIONS GUIDELINES

Knowledge of:

Methods and techniques of construction, maintenance and repair used to maintain streets, sewers and related public works facilities; pertinent Federal, State, and local laws, codes and regulations; operational characteristics of mechanical equipment and tools used in the assigned area of responsibility; safe work practices; and the principles and procedures of record keeping.

Ability to:

Perform a wide variety of semi-skilled and skilled tasks in the construction and maintenance of City streets and public works, including basic carpentry, masonry and painting tasks; operate a variety of vehicular and stationary mechanical equipment in a safe and effective manner in routine situations including skip loaders, tractors and/or street sweepers; use and operate hand tools, mechanical equipment, and power tools and equipment required for the work in a safe and efficient manner; read and interpret basic maps and blueprints; perform heavy manual labor; work safely with dangerous materials; learn various cleaning and repairing techniques; respond to requests and inquiries from the general public; understand and follow oral and written instructions; establish and maintain effective working relationships with others.

Education/Training/Experience:

Any combination equivalent to experience and education that could likely provide the required knowledge and abilities. A typical way in which to obtain the knowledge and abilities would be:

Graduation from high school or equivalent. Two or more years of streets, sanitation, and public works maintenance or construction work experience.

Licenses; Certificates; Special Requirements:

A valid California driver's license issued from the California Department of Motor Vehicles for the type of vehicles or equipment operated in the course of employment is required. Street Maintenance Worker II employees must be at the top step of the Street Maintenance Worker I salary range for at least one year, maintain a satisfactory job performance, have obtained job-related licenses or certifications or completed job-related training and education and have demonstrated the personal development of greater job skills.

PHYSICAL AND MENTAL DEMANDS

The physical and mental demands described here are representative of those that must be met by employees to successfully perform the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical Demands

While performing the duties of this job, the employee is regularly required to use hands to finger, handle, feel or operate objects, tools, or controls and reach with hands and arms. The employee frequently is required to stand and talk or hear; walk; sit; climb or balance; stoop, kneel, crouch or crawl.

The employee must frequently lift and/or move up to 50 pounds and occasionally lift and move materials, tools and equipment weighing up to 100 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus.

Mental Demands

While performing the duties of this class, employees are regularly required to use written and oral communication skills; read and interpret data, information and documents; analyze and solve problems; use math and mathematical reasoning; observe and interpret situations; learn and apply new information or new skills; work under deadlines with constant interruptions; and interact with City staff, other organizations and the public.

WORK ENVIRONMENT

The employee regularly works in outside weather conditions. The employee frequently works near moving mechanical parts, and is exposed to traffic, wet or humid conditions, and vibration. The employee occasionally works in high, precarious places and is exposed to fumes or airborne particles, toxic or caustic chemicals, and risk of electrical shock. The noise level is frequently loud.
