City of San Dimas Office of the City Manager – Update July 24, 2020

Latest Updates:

- All children deserve to feel safe at home and all residents are encouraged to help reach families who may need extra support right now. To learn more about how to report child abuse or neglect, visit <https://www.childwelfare.gov/topics/responding/reporting/how-to-report-child-abuse-and-neglect/>
- Before resuming business operations, office building employers, building owners and managers, and building operations specialists should check to make sure the facility is ready for occupancy. For information on how to keep workers safe and healthy, visit <https://www.cdc.gov/coronavirus/2019-ncov/community/office-buildings.html>
- This weekend, whether you are visiting family from a safe distance or going to the grocery store, if you have to venture outside of your home, remember that your actions save lives. Keep six feet distance from others and wear your face covering or mask to help slow the spread of COVID-19
- Foothill Gold Line Update: This week, crews are relocating and protecting underground utilities at the Gladstone Street railroad crossing. To learn more about construction activities, sign up for Construction Alerts at <https://foothillgoldline.org/>
- Building on previous actions to protect California's front-line workforce, Governor Gavin Newsom today announced a host of new safeguards for California workers who face the greatest risk of COVID-19. In addition to support for workers, including agricultural and farmworkers, to isolate and quarantine, Governor Newsom unveiled a robust education campaign for workers and employers. He also committed to working with the Legislature and key stakeholders to expand critical protections like paid sick leave
 - For more information and to view these new safeguards, visit <https://www.gov.ca.gov/2020/07/24/governor-newsom-announces-new-supports-for-california-workers/>
- Reminder: a COVID-19 test does not protect you from the virus, and a negative result should not be seen as a reason to engage in social behavior
 - What you need to know about COVID-19 testing can be found at <https://covid19.lacounty.gov/testing/>
- The San Dimas Sheriff's station reminds residents that they will never call you about any of the following:
 - Monetary requests such as gift cards of any type to pay for "warrants"
 - Delivery of such monies via telephone
 - COVID relief payments/checks
 - "Threatening Impersonator Phone calls" are not new but they seem to be more common now especially with COVID related charities. If you are unsure of who you are speaking with, ask the caller for their information, hang up and call the specific agency in question. **Do not give any of your information** over the phone. or more information related to tax scams, click [HERE](#)
