City of San Dimas Office of the City Manager – Update October 26, 2020

Latest Updates:

Local:

- Bobcat Fire Update: Due to high winds and red flag warnings, residents in the foothill communities of the San Gabriel Mountains may see ash or dust. The fire is 95% contained and poses no immediate threat.
- As of today, the California Secretary of State has reported 7,152,353+ vote by mail ballots have been cast.
- According to Southern California Edison, during a power outage there are seven ways to keep your phone charged.
 - Charge with your laptop by plugging it in your laptop's USB port.
 - Charge with your car battery by using the USB charging ports.
 - Use a Solar-Powered Charger
 - Use a Hand-Crank Charger
 - Use an external battery pack
 - Conserve your phone's power by putting your phone on airplane mode, lowering your screen's brightness and turning off background applications
 - Visit Community Crew Vehicles: SCE dispatches community crew vehicles that provide charging ports where you can charge your mobile devices, grab some snacks and water.

County:

- The Los Angeles County Department of Public Health revised the County Health Order on October 23, 2020. To view the revised County Health Order, [click here](#). The order was revised to:
 - permit batting cages, miniature golf, and go-cart racing for outside services;
 - permit personal care establishments to offer services indoors with modifications;
 - clarify permitted food services at indoor malls and shopping centers;
 - increase the percentage of students with IEPs and ELs and other high-need students allowed at any one time on a K-12 campus from 10% to 25%; and
 - permit schools to reopen TK-2ndgrades for classroom instruction only with a waiver application approved by Public Health.
- The County Health order has also revised Appendix I Protocol on wineries and breweries. To view the revisions [click here](#).
- The National Weather Service Los Angeles is reporting strong Santa Ana winds through Tuesday 11p.m. in combination of single digit humidities and extremely dry vegetation.
- In response to strong Santa Ana winds, power outages may impact traffic signals. Motorists should use extreme caution and treat all intersection as four-way stops.
