- Emanate Health Hospital will be hosting a virtual meeting on Facebook live to answer any of the communities' questions regarding the COVID-19 vaccine and distribution. The Meeting will be held on Wednesday 16th at 11 AM, at [Emanate Health Facebook](#) for more information on the pandemic and the following issues:
 - Establish the severity of the current COVID-19 surge and its potential impact over the holidays
 - Encourage commitment to MaskUp and support of other public health guidelines
 - Educate communities about the COVID-19 vaccine, its effectiveness, and the timeline and phases for distribution
 - Explain the meaning of the 15% ICU bed availability and the impact of personal responsibility during stay-at-home orders
 - Emphasize Don't Delay Your Care. Emanate Health continues to provide safe outpatient surgeries, emergency care and COVID-19 treatment

County:

- The first doses of COVID-19 vaccine has arrived in Los Angeles County and has started the distribution to health care workers and those in long term care facilities in accordance with the [California Department of Public Health Allocation Guidelines](#).
- The Los Angeles County Public Health will be holding a virtual COVID-19 Vaccine Town Hall meeting. On Thursday, December 17, 2020 6:00PM – 7:30 PM. Meeting details will be coming soon, in the mean time [Submit Questions for the Los Angeles County COVID-19 Vaccine Town Hall](#).

State:

- The Western States Scientific Safety Review Workgroup completed and recommended the Pfizer vaccine safe for public use. Click the [link](#) to view the summary of findings from the Western States Scientific Safety Review Workgroup.
- Governor Newsom launched “Vaccinate All 58” campaign based on the safety and equity as first vaccines arrive in California. The Drafting Guidelines Workgroup is developing the California specific-guidance for the prioritization and allocation when supplies are limited, the Community Advisory Vaccine Committee is providing input and feedback on the planning efforts and resolving barriers to equitable vaccine implementation and decision-making.
